

**OVERDUE BOOKS -
FINE FREE**

April 20-26th, the Agawam Public Libraries are offering to the Town of Agawam an opportunity to return, anytime during that week, absolutely fine free, all overdue books, no matter what date or year they were originally due. Books may be dropped in boxes that will be provided at each library - no questions asked. North Agawam patrons may return their books at North Agawam Library on April 22 and April 28 as well as at Agawam Center and Feeding Hills during National Library Week. I place only one restriction upon this venture that the overdue books be only those borrowed directly from an Agawam Library.

"Like It Is"
George B. Bickford

A recent article in the "Civil Liberties", a publication of the American Civil Liberties Union, was headlined "Kids Are People!" I think it is about time that we are recognized as productive human beings.

The article went on to describe a Supreme Court case in which it was decided that students had certain "unalienable" rights, just as any other citizens. What the conscientious students of America are concerned about is why these rights have to be struggled for. The reason we have to struggle to be heard is because of the omnipresence of our student counterparts in various destructive subversive organizations. Because of these groups, which constitute only a small part of the student census, a majority of the college and high school students have been unjustly labelled "rebels". These subversive anarchists of the SDS, Yippies, and Panthers ruin the image of the average American student by overshadowing their achievements. It seems true that "one rotten apple can spoil the barrel."

If we examine these groups closely, we see that their anarchical leaders are not registered at a majority of the campuses on which they choose to demonstrate. They are frequently much older than the students themselves; for example, Abbie Hoffman, Yippie leader who was arrested again this week, is 32 years old. In my opinion, any student or adult residing, without just cause, on a campus where he is not registered should be forcibly ejected, or arrested!

These instigators are the source of many student problems on campus and in society today. This is the source that must be fought to quell the rash of destruction and violence which is being attributed, in stereo type, to all students. Let us all young and old, join together in trust and fight this problem.

POISON OR ANTIDOTE?

V. R. Moreno

I have been referred to as "Poison Pen" in my editorials by some who feel I am being too tough on them. Isn't it strange that these public officials who differ with what I have to say always come up with alibies for what they do or don't do.

What the public officials in Agawam fail to realize is that their duties are pretty well spelled out. Too, they are committed to their campaign promises. Promises they have made are expected to be kept.

When members of the Board of Selectmen fail in their duties and also renege on their promises then it is a duty, (my duty for one), to make known their ineptness and inability.

Were these their only failings one might say the "Poison" in my "Pen" is too potent, but, when these officials become as slippery as eels in their efforts to mislead the townspeople, then it must be expected the poison in my pen must be potent enough to be an effective antidote for their subversion.

When public officials scheme and plot to have their way without thought to the welfare of the town, then surely the poison emanates from them.

When a public official is entrusted with the faith of a community's people he must honor that faith. He must not, for example, use semantics and the faith placed in him to take advantage of the people he represents. to wit!

The town of Agawam was sold a ladder fire truck by a smooth talking official who had the townspeople's trust. This town official stood on town meeting floor and said, "What's .02 mills on your tax rate; I way we should buy this ladder truck," of course this was part of a lengthy talk.

It sounds very simple and honest but is it? I say "No!" Why? Because the "Mill" method used in reference to your tax rate has never been used on the Agawam Town Meeting floor for at least the past 25 years that I have been attending them. I have never missed a regular or special meeting and have never heard the word "Mill" used until I heard the "RAMBLING PHILOSOPHER" orate last year when he sold the ladder fire truck to the town. I say that had the "Dollar" system been used in his talk to the town meeting members they would not have voted for the ladder truck. They would know it meant \$2 for every thousand dollar of valuation of the property of each and every taxpayer in town. I feel certain the town would not have bought a truck it may never use. (Incidentally, because of that foolish purchase last year Agawam lost the purchase of a sorely needed truck this year.)

This quality of credibility is dangerous if it belongs to someone who uses it to mislead. I think of that type of public official as the law thinks of professional fighters, a fighter's fists are considered lethal weapons and if he uses them outside the ring he is charged with assault with lethal weapons. So, what possible defense can one use against a "Silver tongued orator" since there is no law to protect you? I say feed him back his own "Poison" with a "Pen".

'LET THERE BE MUSIC'

"Let THERE BE MUSIC!" is the theme of 2 evening concerts being presented by the Agawam public school music instructors. The 2 programs combine the 3rd grade tonettes and the 3 elementary school bands with the Jr. and Sr. high choruses and bands.

Both concerts will be held on Friday evenings at the auditorium at the high school beginning at 7:30 P.M.

The first evening of music will be May 2nd, and will feature the elementary advanced and concert bands together with the Jr. high 7th and

8th grade choruses and the sr. high band.

May 9th's program will present the 3rd grade tonette band of 150 youngsters the elementary beginner band, jr. high band, and the sr. high chorus and chorale.

Each program is under the direction of Mrs. Mary Wuestheoff Mrs. Sally Lowell; and Darcy Davis, Jr., Director of Music.

Parents, friends, and the public are cordially invited to attend one or both of these interesting school concerts. Tickets may be purchased through any of the public schools.

**AGAWAM JR WOMEN
art exhibit**

For the 5th consecutive year The Ag. Jr. W.C. will sponsor artists of all levels and mediums in an exhibit held in the historical setting of the Cpt. Ch. Leonard House in Agawam center. Several of the pieces being shown will be available for purchase.

Residents of Agawam and surrounding towns are invited to attend the exhibit this Sat., April 19 from 1-7 P.M.

Mrs. Leslie Melanson, chm. of the event and Mrs. D. David Stratton, co-chm. will hostess a coffee hour for artists exhibiting their work immediately following the show.

**installation of
officers**

Installation of officers was the highlight of the April annual meeting of The Ag. Jr. W.C. on Tuesday, April 15 at the Cpt. Ch. Leonard House.

Mrs. Herbert M. Carpenter, retiring pres. conducted the meeting during which Federation Chm. presented their annual reports. She presented the slate of officers for election which preceded the installation of Mrs. Arthur H. Jarvis, pres.; Mrs. Donald C. Laviolette, 1st V.P.; Mrs. Charles T. Marquis, 2nd V.P.; Mrs. Clyde A. Spaeth, recording sec.; Mrs. Raymond R. Stone, Jr., corresponding sec.; Mrs. Arthur A. Psholka, treas.; Mrs. Bruno D. Antico, Jr., Ass't treas. and the following directors: Mrs. Richard G. Atkinson, Mrs. Henry G. Choramanski and Mrs. Douglas W. Kerr. Following the installation of officers the Drama Group, led by Mrs. Alfred P. Berard, presented an original script. Mrs. William J. Miller was hostess for the evening.

LIBRARY TRUSTEES CELEBRATE

Library Trustees from the western area of Mass. are meeting Mon., April 21, at 7 P.M. at the Wilbraham Public Library as a part of Nat'l. Library Week. The Program is designed to help the individual trustee and to stimulate concerted action on common problems of the lib'y trustee.

One of the highlights of the program will be a film entitled Challenge of Change. This is a color film on recruitment and is put out by the Pa. State Library.

Another portion of the program will be devoted to a report of progress on 2 major bills before the legislature. One is H1333 which will increase the amount of moeny to cities and towns, money to extend the services of the 3 regional systems, make trustees eligible for membership on the regional system board and make the Boston Public Library

a lib'y of last resort. The 2nd bill H2679 is designed to set up a graduate lib'y school at the U. of M., Amherst campus.

There will also be a panel discussion on lib'y ed as it relates to min. standards and accreditation, on salaries with emphasis on collective bargaining tactics.

At 7 P.M. there will be a guided tour of the new \$395,000 Wilbraham Pub. Lib'y by members of the lib'y staff and followed by a film on the Conn. River which will be narrated by Katherine Hepburn.

The Friends of the Library of Wilbraham will serve refreshments.

Mr. Franklin Taplin, Westfield Pub. Lib'y, and Mrs. Edward Peck, W. Spfld. Public Library are the Co-Chm. of the W. Mass. Lib'y trustees, a division of the Mass. Lib'y Trustees Assoc'n. They are anticipating a large attendance.

Lite a Bike program

John Pisano, age 9, Scott Granger, 8, Past Commander Brady D. Snyder, V.F.W. Chm; Michael Pisano, age 7, Safety officer Harold J. Burnett. (Children are students at Robinson Park elem. school)

Free reflective tape will be applied to youngsters' bikes in a "Lite-A-Bike" program to be conducted here by the Veterans of Foreign Wars, Post 1632 in conjunction with Safety Officer Harold J. Burnett of the Agawam Police Dep't with assistance from local Girl Scout troops - 57, 69, 217, 555, 70. School traffic guards will assist at street crossings at inspection areas.

Tape will be applied to bicycles Monday May 21 at Feeding Hills Cong'l Church parking lot, Tuesday May 22 at South School, WEd. May 23 at Phelps, Thurs. May 24 at Danahy, Fri. May 25 at Robinson Park and Sat. May 26 at Pierce Schools from 9 A.M. to 12 Noon and 1 to 4 P.M. each day. Strips of reflective tape will be put on the rear fender, handlebars and front forks of the bikes, making each one visible after dark from all angles. The highly reflective tape - the same material used in reflective traffic signs and license plates - is visible at distances up to 1,500 feet in the headlights of a car.

"Youngsters shouldn't be out bike riding after dark, but if they are, their bikes ought to have reflective tape," said Past Commander Brady D. Snyder, V.F.W. Chm. of the local "Lite-A-Bike" program.

He pointed out that some 600 persons are killed each year in bike

accidents, 65% of them children aged 5-14. Another 30,000 persons are injured each year in such accidents. 4 out of 5 fatal bike accidents occur at dusk or after dar.

In addition to applying tape, VFW members in conjunction with Safety Officer Burnett will register each bike and inspect the bikes for proper equipment: horn or other signaling device, headlight (optional), rear reflector and functioning brakes.

Burnett stated, "All bikes are requested to be registered as previous reg. are now void. New reg. will only apply as long as registrars maintain his or her bike. In conjunction with the reg. the Agawam Police Dep't will up-date and maintain permanent reg. files to safeguard owners in case of theft."

More than 12 million bikes across the nation have been marked with reflective tape in the VFW program. Supported by the National Safety Council, the "Lite-A-Bike" program depends on reflective tape donated by 3M Co. which has given more than \$2 million worth of the material to date.

FOR ADDITIONAL INFORMATION CONTACT: Brady D. Snyder (Local V.F.W. "Lite-A-Bike" program 10 Strawberry Hill Rd, Feeding Hills, Mass. Phone 739-6230 or Safety Officer Harold J. Burnett of Agawam Police Department, Phone 737-4767.

Lichters sell to Rocky's Hardware

Rocky's Hardware, Inc., the area's largest hardware company, has announced the purchase of the assets of Agawam Paint & Hardware Co. Inc., of 303 Walnut Street, Agawam.

In a joint release, James J. Falcone, Pres. of Rocky's, and Samuel Lichter Pres. of the Agawam concern, stated that the transaction is effective immediately and that operations will be carried on without interruption while a modern 5,000 square foot facility is being constructed on the same site.

This is the 4th retail hardware store in the Rocky's chain and the 1st outside of Spfld. In addition, the company has a complete rental service center on Union St. in Spfld.

Samuel Lichter and his wife, Leah, have operated the Agawam store since 1953. Since they opened for business, they expanded several times to become the only exclusive complete line hardware store in Agawam. Their motto, "If we don't have it, you don't need it," became well-known in the community through the years.

The law office of Marshall and Marshall of Spfld. represented the Seller, and Brooks and Brooks of Spfld. represented the Purchaser.

Seated left to right: James J. Falcone, Leah Lichter and Samuel Lichter. Standing left to right: Att'ys. Arthur M. Marshall, & Philip A. Brooks and Joseph P. DeMarco of Rocky's.

Well, What Do You Know?

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

How can you find the
North Star?

The North Star, also called Polaris, is the last star in the handle of the Little Dipper. You can find Polaris by first finding the Big Dipper. Let your eye follow a straight line made by the "pointer stars" in the Big Dipper. The first bright star you see is the North Star. It is not the brightest star in the sky, as some people think. It is only a medium-bright star.

Polaris can be seen only in the Northern Hemisphere. Polaris is called the North Star because it seems to be directly above the North Pole. Thus a person looking at the North Star is looking toward the North Pole.

Why is ocean water salty?

The saltiness of ocean water comes from the minerals in it. As streams flow over the land surface, they take

out some of its minerals. The one that comes out most easily is salt (sodium chloride). Streams also pick up compounds of magnesium, calcium, and potassium. When water from the land finally flows into the ocean, it carries these minerals with it. When the water evaporates, it leaves the minerals behind. And so the ocean becomes saltier all the time.

How does a sponge feed?

Sponges belong to the animal kingdom. The chief thing that makes a sponge an animal is the way it feeds. A sponge captures its food. It does not make its own food as green plants do. It captures tiny plants and animals from the water around it.

What is spelunking?

Spelunking is the sport of cave exploring. It is like mountain climbing underground, in the dark. Spelunkers, also called cavers, explore "wild" caves. These are caves or parts of caves that have not been opened to tourists. Sometimes spelunkers find and explore caves that were previously unknown or unexplored. In the United States, most spelunkers belong to local caving clubs, usually chapters ("grottoes") of the National Speleological Society.

Green Thumb Tips

A summer cottage near the seashore or a lake is likely to be surrounded by sandy soil, unsuitable for many flowers.

Yet such annuals as love-in-a-mist, nemesia, mignonette and California poppy will grow well in sandy soil. Why not plant seeds early for summer flowers?

The term "monogerm" is a new one when applied to beets. For many years when you planted a beet "seed" you really sowed a group of seeds. That's why a cluster of seedlings always came up close together. You had to thin these and discard thinnings so room would be adequate for plants left.

Not so with the beet varieties which are listed as "monogerm."

Single seeds produce a single seedling. This saves the work of thinning and regret at discarding seedlings.

If you have ever wondered why your neighbor's annual flowers bloomed earlier and looked better than yours, here's a check list of possibilities:
You didn't sow seeds early enough.
You sowed seeds too thickly and then failed to thin enough.
You didn't thin seedlings soon enough.
Or, you didn't allow the plants left after thinning sufficient room for full growth.

One reason gardeners may complain of trouble with bean seeds rotting instead of sprouting is cold soil.

Bean seeds are sensitive to soil temperature — wait until it warms before planting them.

There's a new ageratum on the market this year — earlier to bloom than others. Its name is Blue Surf, it's a hybrid and it grows 6 inches high. Why not try it for a border?

I tell you every week and do you learn? No. Get me a subscription to the AGAWAM NEWS.

BIG APRIL SALE

The dandelions are coming!
The dandelions are coming!

There may not be a dandelion in sight right now. But one day
soon, when it warms up, they'll be all over the lawn.
That's where Scotts TURF BUILDER PLUS 2 comes in.
Plus-2 clears out dandelions and a couple dozen other weeds
easily and surely. Full-fertilizes your lawn at the same time,
so that grass grows greener and sturdier - filling in those
places where the weeds were.
